***Duncraig Edible Garden Inc.***

(DEG) is a Community Garden

founded on Permaculture principles.

DEG is run by volunteers and you are welcome to join us. We are working together to grow a thriving community around a sustainable garden.

Weekday visitors are welcome to take a taste of herbs growing in the garden. Please leave enough for everyone to share. Fruit should be left on the trees.

Fruit and other produce will be assessed on Saturdays by the gardeners and picked when ripe.

Our “Share the Harvest” table and tray lets everyone have some. Join us to share the harvest, share your skills and learn new ones, enjoy the company, and visit whenever you wish.

Our vision is to grow, nurture and produce edible crops in environmentally sustainable and regenerative ways.

Duncraig Edible Gardeners work together in the open space. Together we can cultivate community, learn to live in harmony with our environment, grow food, and share the fruits of our labours.
